

## CBSE- ONE CHILD, ONE PLANT Campaign

Environmental issues have been the key focus of CBSE. Students are the change makers. Hence, the Board has launched a massive tree plantation campaign called the CBSE- ONE CHILD, ONE PLANT CAMPAIGN to initiate following activities:

Each student (all classes) should plant a sapling— wherever convenient, whether at home or in the boundaries of the playgrounds or any other place which is approachable to them. They should then give a brief description in class about the variety/species of the tree/sapling— planted, its benefits, its occurrence, the kind of looking after it requires etc. This will help the students relate to the activity better. Such activities create awareness among— students for Environment protection. Students need to click the pictures while doing the above mentioned activities. They should look after it well, maintains the data of its growth along with its pictures.

We request the parents to assist their kids in this campaign and keep sharing with us the developments.
