

JOY OF GIVING: Community Service Venture

True joy lies in the act of giving without an expectation of receiving something in return. The students of AECS MMPS grades IX and X visited Thirupalya Government School, Jigani on 02.02.2018 and experienced the joy of giving by donating ceiling fans to the Government school and dresses for the children. They also sponsored refreshments and spent a day with the children organising fun games. The funds for the same were raised by our students from the Carnival which was conducted in the month of December 2017.
