'HOW TO MAKE AN OBTURATOR'

COURSE FACULTY

Dr. Vahini Reddy (Professor)

Dr. Divya Hegde (Associate Professor)

Dr. Srividya .S (Senior Lecturer)

Dr. Sadhvi. K.V (Senior Lecturer)

Oral Cancer is the most common cancer in India. In spite of the aggressive prevention, many patients have to undergo surgical resection of important oral parts. Maxillectomised patients are greatly handicapped and appropriate prosthodontic treatment can improve the quality of life. The Department of Prosthodontics, AECS Maaruti College of Dental Sciences, Bangalore has great pleasure in announcing a professional advancement programme on obturators. This is mainly aimed at post graduate students. Basic skills related to obturator fabrication will be elaborated through a hands on experience.

Registration fee: INR 1000

Date: 11th December 2010

Timings: lecture 10am-1.00pm

Hands on: 1.30pm - 4.00pm (Limited Participants)

Venue: Dept of Prosthodontics, AECS Maaruti Dental College
