

BALDISHA-2023

AECS Magnolia Maaruti Public School hosted its annual exhibition, Bal Disha, on 2nd December 2023. This much-awaited event showcases the creative abilities and expressions of the talented young Magnolia students. Since its inception in 2018, Bal Disha has evolved into a highly esteemed platform that not only encourages but also inspires students in various forms of art.

To grace the inauguration ceremony, the school invited the esteemed artist Shri Gopinath S as the guest of honor. With a diploma in sculpture from Maharaja Sayyaji Rao University and an M.F.A from Chitra Kala Parishath, Shri Gopinath S has made a notable impact on the art world. His works have been exhibited in renowned galleries in India and abroad, and he has actively participated in organizing sculpture symposiums and contributing to the BDA's sculpture park project. Shri Gopinath S has garnered accolades, including the 51st National Award from Lalit Kala Academy and an award from Huian City, China. The presence of such an accomplished artist served as a great motivation for the students, encouraging them to explore and pursue their artistic passions.

Bal Disha was a collaborative effort across all grades, with students working together under the expert guidance of their skilled art and craft teachers, Ms. Bhawna Manalel, Ms. Aditi Sen, and Ms. Debolina Das. Students were encouraged to explore a wide range of art forms, including pencil shading, acrylic painting on canvas, sculptures, origami, hand embroidery, bottle art, diya decoration, oil pastel work, color pencil shading, poster and watercolor painting, wall-hanging, and clay modeling.

The exhibition resonated well with fellow students, teachers, and parents. The display of artistic talent, creativity, and hard work by the students received immense appreciation and accolades. Not only did Bal Disha foster a sense of accomplishment and recognition for the students, but it also showcased their dedication and passion for the arts.
