

“GOONJ: an enchanting connection

“The measure of our giving is not just the quantity but the immense love we pour into it”

AECS has partnered with Goonj an NGO to provide assistance to the victims of Assam Floods and other affected areas. The collaboration aims to extend support to the districts of Dhemaji, Jorhat and Lakhimpur in Assam as well as regions like Himachal Pradesh Uttarakhand and Jammu & Kashmir. These areas have been facing severe challenges due to flash floods landslides and continuous rainfall. AECS is committed to making a positive impact and helping those in need during this difficult time.

The event of collecting donations for Goonj a nonprofit organization began with a call to action for parent's, staff and students to contribute. Students took the initiative to educate their fellow Magnolians about the significance of this cause. Donations poured in from all grades in the form of grains biscuits medicines sanitary napkins umbrellas and clothes. The generosity and support from management, parents and staff were overwhelming. Eventually on August 2nd, 2023 students and staff gathered at the Goonj office to hand over the collected items. It was a deeply gratifying experience and we extend our heartfelt thanks to all those who participated in this noble endeavor.

Community Helpers

On February 2nd, Kindergarten, Grade 1 and Grade 2 students at AECS Magnolia Maaruti Public School Bangalore, celebrated Community Helpers Day with heartfelt appreciation for the essential members of their school community. The students expressed their gratitude by presenting sweets and greeting cards to the security personnel, chefs, supervisors, administrative staff, and other supporting members who contributed to the smooth functioning of the school. The initiative aimed to instill in the young students a sense of respect, empathy, and recognition for the diverse roles played by individuals beyond the classroom. Through this act of kindness, the students learned the importance of acknowledging the efforts of those who work tirelessly behind the scenes to ensure their safety, well-being and comfort within the school premises. As the students exchanged sweets and heartfelt greetings with the unsung heroes of their school, they forged meaningful connections and strengthened the bonds that united them as a community. Community Helpers Day at AECS School was not just a day of celebration but a profound lesson in empathy, gratitude, and the power of collective appreciation. A few glances are shared below.
