

JOY OF GIVING

The School sincerely thanks all the parents for their kind support and stupendous response for making Joy of Giving service a very fruitful one. A team of students along with teachers visited a Government School in Jigani on 15th December 2015 to be a part of Community Service venture "Joy of Giving." Our students volunteered to distribute the books and stationeries. As the Christmas was around the corner, our students had a merry time singing and listening the carols and poems.
