

ROBOCUP ASIA PACIFIC INTERNATIONAL COMPETITION

We are proud to announce that Sanjay R of Grade IX C, participated and won the Best Technical Interview Award (Best Robot Design) in the Robocup Asia Pacific International Competition held in Moscow between 6-11 November 2019. It was an international level competition in which around 20 countries participated. Sanjay R and his team participated in The Rescue Line, in this the Robot had to follow a line and perform rescue and evacuation operations.

We congratulate him on this accomplishment and wish him good luck in all his future endeavors.
